SOIL LEVEL			
<p>VERY DIRTY (HEAVY SOIL)</p> <p>Difficult stains such as grass, coffee, fruit, blood. Pre-treatment of stains or pre-washing may be necessary.</p> <p><i>Please be careful with spot-treatment of delicate laundry; please note care symbols. Pre-treatment is not always possible.</i></p>	<p>Detergent for whites; follow dosage instructions for high soil levels.</p> <p>Powders (containing optical brighteners and bleaching agents) are especially effective in removing bleach-sensitive stains and removing clay and ground-in dirt.</p> <p><i>Do not wash pastels with a detergent containing optical brighteners as this may alter shades. Instead, use a detergent for colours.</i></p>	<p>Detergent for colours or a special 'black/dark' detergent; follow dosage instructions for high soil levels.</p> <p>Powders are especially effective in removing bleach sensitive stains and lifting out clay stains and ground-in dirt.</p>	<p>Use a detergent for delicates. Follow dosage instructions.</p> <p>Always use a special wool detergent for washing wool and silk. A wool detergent has a neutral pH and is enzyme-free. Iron carefully <i>(if allowed)</i>.</p>
<p>NORMAL SOIL LEVELS</p> <p>Fatty stains, such as on collars and cuffs</p>	<p>Detergent for whites; follow dosage instruction for medium soil levels.</p> <p>Liquid detergents may be better for pre-treating grease spots and stains prior to laundering.</p>	<p>Detergent for colours or a special 'black/dark' detergent; follow dosage instruction for medium soil level.</p> <p>Liquid detergents may be better for pre-treating grease spots and stains prior to laundering.</p>	<p>Detergent for delicates. Wool and silk may only be washed with a special wool detergent.</p>
<p>LIGHT SOIL LEVELS</p> <p>No real stains</p>	<p>Detergent for whites; follow dosage instruction for low-soil levels.</p>	<p>Detergent for colours or a special 'black/dark' detergent; follow dosage instruction for low-soil levels.</p>	<p>Detergent for delicates. Wool and silk may only be washed with a special wool detergent.</p>
